Forecast for Saturday 24 Sep 2022

Weather: Largely cloudy at first, with a low risk of some patchy mist or fog, mainly across southeastern areas, however any mist or fog will clear quickly. Cloud at times, but also sunny spells in-between, with the chance of a few light showers from late morning to early evening. Feeling fresher than of late in a strong northerly breeze.

Chance of cloud-free hill tops above 600m: 80%, increasing to 100% by midday.

Low cloud and visibility: A chance of some mist or shallow fog patches in valleys at first, which may cover some slopes and summits as it lifts and clears this morning. Very poor visibilities within any mist and fog. Moderate visibilities expected within any showers. Very good visibilities expected otherwise, with very good air clarity, allowing distant hills to be seen.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Meteorologist's View

Northerly winds will make it feel much cooler and fresher than of late, particularly at the summits. Extra clothing/layers are recommended.

Recent rainfall: measured at Neuadd: altitude 353m

Recorded at	Last 24 hours:	Last 48 hours:	Last 72 hours:
02:00 on Sat 24 Sep 2022	2.4mm	11mm	11mm

Forecast for Sunday 25 Sep 2022

Weather: A generally dry and clear start to Sunday, though a risk of some mist and fog in the valleys. Bright or sunny spells through the morning, although with increasing high cloud. Through the afternoon cloud will thicken, with outbreaks of rain arriving from the northwest around midnight.

Maximum wind: Northeasterly, 15-20mph with gusts up to 25mph. Becoming westerly, with gusts up to 30mph by late evening.

Chance of cloud-free hill tops 600m: 100%, perhaps temporarily decreasing to 80% through the morning as any mist or fog lifts. Then decreasing to 80% late evening.

Low cloud and visibility: Early mist or fog in valleys may cover some slopes and summits as it lifts and clears through the morning. Cloud will generally remain above the summits, but may drop to cover summits above 600m at times late evening.

Temperature: **Valleys:** Plus 7 Celsius, rising to plus 17 Celsius.
At 600m: Plus 6 Celsius, rising to plus 11 Celsius.
Freezing level: Above all summits.
